Education

SCAD College of Engineering and Technology

Bachelor of Engineering in Computer Science(CGPA: 7.95)

2023 - 2027

Tirunelveli

Certifications

- UI/UX Design
- HTML,CSS and JavaScript
- Agile Methodology
- AI Fluency: Frameworks & Foundations
- Graphic Design
- AI for Business Professionals
- DevOps
- Claude 101

Experience

AK INFOPARK

July 2025(15days)

UI/UX Design Intern

Nagercoil

- Designed intuitive and visually appealing user interfaces for web and mobile applications by following modern UI/UX design principles, ensuring an enhanced user experience and seamless navigation.
- Created wireframes, mockups, and interactive prototypes to visualize design concepts, gather feedback, and improve the overall usability and functionality of digital products.
- Conducted user research and analyzed user requirements to understand target audience needs, enabling the development of user-centric and effective design solutions.
- Collaborated with designers, developers, and project team members to implement design improvements, maintain consistency across interfaces, and contribute to the successful delivery of project objectives.

CODE ALPHA

April 2026 - June 2026

UI/UX Design Intern

Lucknow

- Worked on real-time UI/UX projects, designing user-centered interfaces and interactive prototypes for web and mobile applications.
- Conducted user research, created wireframes, user flows, and high-fidelity mockups to improve usability and enhance the overall user experience.
- Applied industry-standard design practices to create responsive, accessible, and visually consistent user interfaces aligned with business objectives.

Projects

Grocery Mobile App UI

August 2025

- Designed a user-friendly grocery shopping application with intuitive navigation, seamless product discovery.
- Implemented responsive and visually consistent design solutions, focusing on accessibility, user convenience.

Mobile Resale Website (Front-End Project)

December 2025

- Developed a responsive mobile resale website using HTML, CSS, and JavaScript, providing a seamless browsing experience across different devices.
- Designed and implemented interactive features, including product listings, search functionality, and user-friendly navigation.

Food Pre-Booking Website UI

February 2026

- Designed an intuitive interface for food pre-ordering and table reservation workflows.
- Developed a visually appealing and responsive UI focused on usability and accessibility.

Technical Skills

Design Skills:UI/UX Design, Wireframing, Prototyping, Interaction Design, User Research, Design Thinking

Languages:Java, HTML, CSS, C, Python, API Integration, PHP, SQL

Tools: Figma, Photoshop, Illustrator, VS Code

Content creation & Video Editing(DaVinci Resolve)

Achievements& Competitions

- UI/UX SPARK **Designing competition**, SARDAR RARA College of Engineering (Presented a creative design solution)
- Conducted a **UI/UX Workshop** at SCAD College of Engineering and Technology.
- Paper Presentation-Government Engineering College (Selected & Presented)
- Paper Presentation-PET Engineering College (Selected & Presented)
- **Paper Presentation & Project Exhibition**-FX Engineering College (Selected &presented)
- Poster & Video Editing Competition- Xavier Institute of Business Administration (Successfully Presented Creative Content)
